ASIAN DESIGNER CLOTHING FOR DESIGNER PETS

The Sophisticated Cat Introduces an Asian Inspired
Pet Couture Line to the USA for the First Time.

(Chicago, IL) The Sophisticated Cat (www.thesophisticatedcat.com) introduces Lilli's Shanghai Pamperd Pet Line to the United States for the first time. If you are looking for the perfect colorful piece to outfit your stylish pet, this is the line for you! The Pamperd Pet Line features beautiful chic, stylish Asian pet outfits and collars. Each piece is skillfully and beautifully made of embroidered silk satin fabrics. The designer of this line is affiliated with Shanghai Tang, who has designed for Dolce & Gabbana, and whose Chinese designs have resulted in a vibrant fusion of "East Meets West." The concept behind this line of pet couture is to take traditional Chinese clothing designs and combine it with the modernity and dynamism of the 21st century. The Asian inspired outfits and collars are available in three sizes and several color selections and combinations. Laura Monnier, one of the owners of The Sophisticated Cat, stated, "We carefully chose the product we sell and take pride in having the honor to introduce this beautiful pet couture line to the USA for the first time!"
